Review:

Gentle and serene, yet emotive and complex! An established master musician and composer, this is Deuter at his very finest! Atmospheres is a deeply moving album that envelopes, delights and uplifts!

– Honey Harris, KBAC Radio

The mystery and meditative qualities Deuter fans relish flow forth from this new recording, making it one of his finest releases to date. While perfect for relaxation or meditation, the tactile quality of Deuter's piano and many of the songs' memorable melodies prevent Atmospheres from being written off as background music. On the contrary, these 12 tracks stand up to much of the finest work 21st century composers have produced thus far. Atmospheres will undoubtedly stand as a highlight among many in a trajectory that has proven to be inventive, consistent, and rewarding.

– Jon Pitt
