Review:

"Offerings is music which brings you into silence. The uplifting melodies featured on this album are woven into a delicate meditative atmosphere that induces a state of deep relaxation and an opening of the heart."

- Honey Harris, KBAC Radio

Artist Bio:

Trained since his early childhood on the mandolin and classical guitar, Parijat is a life long musician, composer and lover of music. Having grown weary of the technical nature and complicated sophistication of his classical training, Parijat soon set out and years later on a spiritual quest in India reconnected with his love for and delight in creating music. His time in India allowed him to rekindle his creativity and taught him that the true spirit and nature of his creativity was cultivated in a simple and innocent place. Parijat recently moved from Germany with his Beloved and all his instruments to Norway to live amongst the fjords, mountains and trees. Inspired by its silence, tranquility and beauty, Parijat continues to create his music with joy and love.

In creating this CD, Parijat was able to apply his knowledge of Reiki which he studied in Schloss Wofsbrunnen, Germany in 1982.
