Album Description

With Sattva Temple Trance, Deuter enters into a new dimension of circular, wave sounds. Two long tracks come together to create one hour of continuous healing trance music that induces a natural state of awareness, bringing you to the optimal level of consciousness to facilitate self healing and deep relaxation. Great for guided trance and healing arts.

Artist Bio

Deuter creates his music in his home studio hidden deep in the New Mexico forest outside of Santa Fe, which he shares with birds, deer, bears, roadrunners, snakes, and coyotes. The studio, with its large windows and views of the forest, is both a sanctuary and a laboratory for creating his award-winning music.

Deuter continues to learn and master an ever-expanding array of instruments including piano, various keyboards and synthesizers, guitars, shakuhachi fute, cello, koto, sitar, tabla, Turkish sazes, Persian tar, santoor, bazuki, Tibetan singing bowls, chimes, drums, ethnic percussion, and more. "For me, all the instruments are like colors in a painting," states Deuter. "I'm not focused on one instrument specifically. I use many sounds and instruments so that it is like painting with sound."

Through feeling, awareness, and experience, Deuter expresses spirituality through music to transport the listener to a space of wellbeing.
